The minimum purchase price that will produce the minimum annuity mentioned above will depend on the prevailing annuity rates. For example, for a 60-year old male annuitant who wishes to purchase a life annuity, the minimum purchase price shall be ₹ 115,918 if the prevailing annuity rate for such annuitant is 8.63%. Please note that the prevailing annuity rate may be different in the future and therefore, the minimum purchase price may be different. However, once purchased, the Annuity is guaranteed for life.

HIGHER ANNUITY FOR LARGE PURCHASE PRICE

The annuity rates vary by purchase price band and therefore you would benefit from higher annuity rates if the purchase price is ₹ 250,000 and above. The purchase price bands are as specified below.

Band	Purchase Price
Band 1	Less than ₹ 250,000
Band 2	₹ 250,000 to ₹ 499,999
Band 3	₹ 500,000 to ₹ 999,999
Band 4	₹ 1,000,000 to ₹ 4,999,999
Band 5	₹ 5,000,000 and above

For example, for a 60-year old male annuitant, the applicable annuity rate may be 8.75% if the purchase price is ₹ 250,000. However, a higher annuity rate of 8.85% may apply if the purchase price is, say, ₹ 1,000,000. Please note that the annuity rate is subject to change depending on the prevailing economic conditions. Please speak to the Certified Financial Consultant for the latest annuity rates.
